## Safety Information Catalog

### Moving Equipment

Category	ID #
Downed Power Lines	400A
Long Hair Catches In Rotating Shaft	400B
Worker Pinned Between Chip Trailer and Skidder	400C
Hydraulic Oil Leak	400D
Watch Out Around Corners (English & Spanish)(poster)	401A
Material Handling-Powered Hand Trucks (English & Spanish)	401B
Basic Rules for Forklift Operation (English & Spanish)	401C
Working Safely Around Forklifts (English & Spanish)	401D
A Failure to Communicate	401E
Material Handling (English & Spanish)	401F
Facts About Aerial Lifts (3 Pages)	401G
Using Aerial Lifts Safely	401H
Forklift Safety: Proper Load Handling (English & Spanish)	401I
Forklift Safety: Rules of the Road (English & Spanish)	401J
Lift Truck Safety Inspection (English & Spanish)	401K
Forklift Loading	401L
The Hazards of Heavy Equipment	402A
Backing Up Heavy Equipment	402B
Watch Your Footing	402C
Seat Belts Save Lives (Even on Heavy Equipment)	402D
Skid-Steer Safe Operations	402E
Skid-Steer Safety	402F
Backhoe Safety (2 pgs)	402G
Cranes and Power Lines Don't Mix	404A
Staying on the Safe Side of Crane Booms and Buckets	404B
Preventing Crane-Boom Failures	404C
Beware of Crush Zones	404D
Seat Belts Save Lives (Even on Heavy Equipment)	404E
Cranes and Derricks in Construction: Assembly/Disassembly	404F
Cranes and Derricks in Construction: Operator Qualification and Certification	404G
Cranes and Derricks in Construction: Qualified Rigger	404H
Cranes and Derricks in Construction: Signal Person Qualifications	404I
Cranes and Derricks in Construction: Wire Rope Inspection (3 pgs)	404J
Man's Hand Crushed in Grapple Skidder Accident	405A
Skidder Falls Into Ravine	405B
Feller-Buncher Turns Over and Burns	405C

## ***Moving Equipment (Cont)***

Feller-Buncher Spear Impales Sawhand	405D
Watch Your Footing	405E
Seat Belts Save Lives (Even on Heavy Equipment)	405F
Machine Operator Killed While Repairing Feller-Buncher	405G
Mechanized Felling Equipment	405H
Landing Area	405 I
Operation of Rubber Tired Skidders (2 pg)	405J
Sawhead Operator Comes Too Close To Rotating Disk	405K
Beware of Crush Zones	406A
Loading	406B
Mechanized Loading	406C
Gate Delimiting	406D
Beware of Crush Zones	407A
Long Hair Catches in Rotating Shaft	407B
Worker Pinned Between Chip Trailer and Skidder	407C
Hydraulic Leak May Cause Finger Amputation	409A
Machine Operator Killed While Repairing Feller-Buncher	409B
Long Hair Catches in Rotating Shaft	409C
Hydraulic Oil Leak	409D
